Our commitment to sustainability...

At LochAnna Kitchens, we are continually looking for ways to limit our impact on the environment and reduce our carbon footprint.

1 Our doors and cabinets are sourced from FSC (Forestry Stewardship Council) accredited suppliers.

2 We reuse or recycle the majority of our waste packaging and pallet wood and our cardboard is sourced from FSC accredited mills.

3 Our entire delivery fleet has been upgraded to the most modern and eco-friendly models to reduce emissions.

4 Our OceanIX Handles are made from recycled fishing nets.

5 Our Eco Splashbacks are made from 93% quarry stone waste with no heat used in manufacture, resulting in virtually no carbon footprint in their production.

6 Our oak dovetail drawer factory is FSC accredited and works with the One Tree Planted initiative. For each order, they plant a tree as part of global efforts to help with reforestation.

Five new kitchen collections

01

Rowan brings a new dimension to the traditional shaker, with stunning beading detailing. Available in 33 colours or painted to the hue of your choice using our colour match service.

See the full collection on page 30 - 35.

02

If you love inframe kitchens but are working to a budget, Hutton is perfect for you. A solid timber mock inframe door with a bead around the shaker frame.

Choose from our paint palette of 33 colours or pick your own shade using our colour match service.

Go to page 18 - 25 to see the full collection.

03

An oak veneer slab door with beautiful horizontal grain, Strato can be designed for a more traditional look or even Scandi style for those who love the bright and airy feel.

Available in 33 painted colours or six striking natural stains.

See more on page 26 - 29.

04

Ainsdale is a simple yet beautiful wood-effect shaker door with a narrow frame. Achieve the look of a real timber kitchen without having to stretch your budget.

With a wide range of accessories, including a working mantle, you can create a stunning yet affordable kitchen.

See page 36 - 39 for the full collection.

05

Like Ainsdale, Kirkham is an ideal budget-friendly alternative to a solid timber door. The beaded shaker traditional style door is available in seven colour choices.

To see the full collection, go to page 40 - 43.

Storage solutions to enhance your home...

06

Our Laundry Stacker Larder is the perfect solution to hide away your washer and dryer.

The specially designed cabinet is easily assembled on site, removing the need for your installer to fabricate a housing and saving you time and money.

The built-in pull out shelf locks into position to hold your laundry basket securely.

07

Make use of awkward corners with our over counter corner units.

With options to house a single oven, compact appliance or just a storage cupboard, you can make the most of every inch of space in your kitchen.

Available in standard height and extra tall.

08

Make the most important meal of the day even better with our breakfast dresser.

With space for a built-in microwave, this beautiful and functional cupboard sits on the worktop and combines storage with a working area that can be hidden away when not in use.

Discover the difference with Blum hinges

09

Your new LochAnna kitchen will include Blum soft close hinges as standard. Renowned for their superior quality and longevity, Blum offers a lifetime guarantee for your peace of mind.

You can also upgrade your drawers to Blum Legrabox in the stunning Carbon Black colour. See page 174 for more.

VAUTH SAGEL

Beautiful designs, practical storage

10

Pull out storage that not only makes life more convenient but looks stunning too.

We have partnered with Vauth-Sagel, who have been manufacturing quality pull out solutions for more than 60 years and pride themselves on their innovation, design and quality.

BUTLER'S PANTRY
Our ever-popular Butler's Pantry includes space for a built-in microwave. Featured here are our new and improved spice racks.

DISCOVER THE POSSIBILITIES

Interesting and practical storage solutions can make all the difference in your kitchen. LochAnna's innovative range of storage options are designed to allow you to hide away clutter and create your dream kitchen that works for you every day.

PULL OUT DRAWER LARDER
A stylish and practical pull out larder unit using our solid Oak Dovetail drawers.

CORNER LARDER
Our diagonal corner larder makes even better use of space and is now also available in extra tall height as shown here.

VAUTH-SAGEL TAL GATE LARDER PULL OUT
Simplify access to your essentials with our Vauth-Sagel pull-out wirework. Enjoy the convenience of soft-close functionality as standard, coupled with precision engineering for your peace of mind.

LIFESTYLE LARDER

Our Lifestyle Larders have been developed to reflect how you actually use your kitchen, offering affordable and accessible storage solutions.

The five styles are available in our six cabinet finishes. Feel free to mix and match your internal shelf and divider colour with the outer cabinet colour to create your own individual style.

The larders are also now available in extra tall to match our 900mm tall wall cabinets. All of our Lifestyle Larders have solid 18mm back panels to allow you to hang hooks and make full use of the space.

800mm Laundry Stacker Larder in Extra Tall
Cabinet: Oak

800mm Laundry Stacker Larder

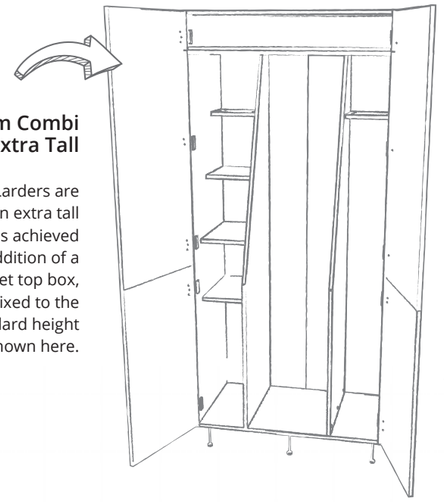

The perfect solution to hide away your washer and dryer. The specially designed cabinet is easily assembled on site, removing the need for your installer to fabricate a housing and saving you time and money.
The built-in pull out shelf uses Blum runners and locks into position to hold your laundry basket securely.

1000mm Cleaning & Utility Larder

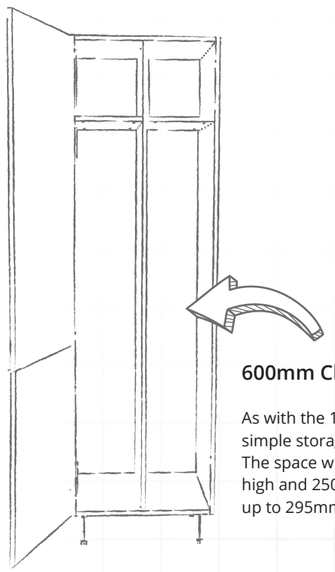

The ideal space to house your larger cleaning and laundry essentials. The shelves at the top are the perfect place to put your detergents and smaller appliances, whilst the tall storage can be used for ironing boards, mops and other taller items. The tall space will accept an ironing board up to 1600mm in height when folded.

There is the option to purchase four further loose shelves to change the use of the unit again.

1000mm Combi Larder in Extra Tall

All our Lifestyle Larders are now available in extra tall versions. This is achieved with the addition of a separate cabinet top box, which must be affixed to the top of the standard height unit as shown here.

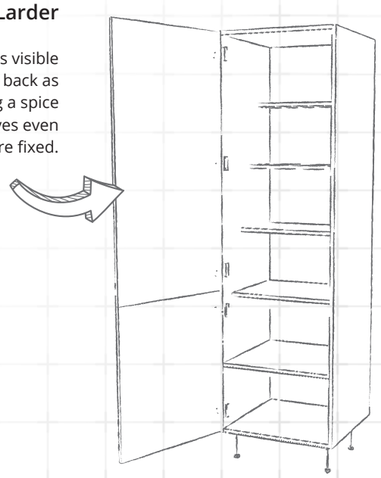

600mm Cleaning & Utility Larder

As with the 1000mm wide version, this larder allows for simple storage of ironing boards and vacuum cleaners. The space will allow for ironing boards up to 1600mm high and 250mm wide when folded and a vacuum cleaner up to 295mm wide.

600mm Easy Access Larder

Everything stored in this larder is visible and accessible as the shelves step back as they get higher in the unit. Adding a spice rack on the back of the door gives even more storage. All shelves are fixed.

Hutton Indigo

Our immensely practical Laundry Stacker Larder, shown here in extra tall, includes a pull out shelf which locks into place to hold your laundry basket securely.

Hutton Soot

Rich and atmospheric, Soot is a true black that is increasingly popular for making a bold statement. Skirting plinths, tongue-and-groove panelling, and the use of mid-height wall units to add extra height all contribute to the dramatic appeal of this stunning kitchen.

Handles: H1106 American Bronze Curved D Handle and H1105 American Bronze Square Knob.

Hutton Breeze - The Hutton door features exquisite detailing that creates a stunning inframe effect.

Hutton dresser in Indigo.

Hutton Soot

Hutton offers a wide range of accessories to elevate your kitchen design. The use of modular pilasters on the corners of the island is particularly effective, with doors instead of panels maintaining the seamless inframe effect.

Hutton

Indigo & Breeze

Hutton designed in Indigo and Breeze creates a fresh blend of contemporary colours. The skirting plinth with decorative skiffers on the corners around the island enriches the feel. Handles: H1061 Chrome Bevelled D Handle and H1062 Chrome Bevelled Square Knob.

Ainsdale

NEW

COLLECTION

A stunning slim framed woodgrain effect shaker kitchen, available in eight desirable finishes.

Offering a more budget-friendly alternative to solid timber kitchens, Ainsdale also comes with a range of accessories, enabling you to craft a beautiful, feature-rich kitchen.

Functional mantles with working cupboards provide convenient storage for culinary essentials near your cooker, while curved end posts add a softer touch to your furniture's aesthetic.

The simplicity of Ainsdale allows it to be styled just as effectively in modern designs as in traditional settings.

Select your colour from our palette on page 190.

Ainsdale Light Grey and Indigo

The bold colour on the island is a beautiful contrast to the Light Grey. Curved end posts create a soft look, whilst the wine rack rail is a useful and coordinating addition to the Solutions Natural Oak open shelving.

Ainsdale
Chalk and Indigo

A working mantle includes cupboard space to store all your cooking essentials, whilst the Indigo Blue Eco Slabstone Splashback ties the colour scheme together beautifully.

Tangent cornice and pelmet bridge the gap between modern and traditional perfectly. Handles: H1030 Antique Bronze Cup Handle, H1031 Antique Bronze Knob.

Kirkham
COLLECTION

The distinctive beading detail inside Kirkham's shaker frame truly distinguishes it, adding a classic touch to this woodgrain effect door. With seven on-trend finishes available, Kirkham offers the opportunity to create an exquisite design at a fraction of the cost of a real wood shaker door.

To further enhance your design, beautiful trims and accessories are available. Feature end posts can create a framed effect, skirting plinths add a touch of opulence, while tongue and groove panels evoke the charm of a country kitchen.

Select your colour from our palette on page 190.

Kirkham Graphite

The graphite colour choice creates real impact, whilst the skirting plinth and tongue and groove panels result in a feature-rich design. Skirting plinth skiffers add to the opulent feel of this kitchen.

Handles: H1079 Brushed Nickel Knurled Bar Handle, H1078 Brushed Nickel Knurled Knob.

Tavole
COLLECTION

Bring a touch of farmhouse chic to your kitchen with our unique Italian-made wood veneer door. With a gorgeous planked finish, Tavole oozes rustic charm.

The seven colour choices in this range can be combined to stunning effect, whilst the standalone island and sideboard units help to create a totally bespoke feel in your finished kitchen.

Note: Tavole is no longer available with the inset handles - choose your handles from our wide selection on pages 138 -145.

Tavole is manufactured with a wood veneer made from European oak, which is stained to your desired colour as chosen above. The stain is designed to allow the natural characteristics of the wood to emerge and being a natural product, the oak will have variations of grain structure and shade. The images in this brochure are representative of the finished look of your kitchen, however we recommend that you examine a physical sample before making your final choice. These can be obtained via your retailer.

Select your colour from our palette on page 188.

Snow Cloud, Deep Cherry & Fresh Ginger

The Tavole colour palette has been chosen to work in harmony together as we've shown here by mixing three finishes. Don't be afraid to experiment to make your space truly individual.

Tavole
Snow Cloud & Fresh Ginger

The standalone island and sideboard bring a contemporary twist to this country cottage kitchen. We've used chunky rails underneath the units and to both sides of the Belfast sink unit to create a framed effect.

Tavole Snow Cloud featuring Eco Slabstone Hares splashback.

Our sideboards are standalone furniture pieces that you can add to any room in the house to create a cohesive design scheme. Available in a variety of widths and with two door height options.

Tavole Sable & Deep Cherry

Our clever easy access larder includes shelves that step back so you can reach items even on the highest shelf. We've added a spice rack to the back of the door to maximise the storage.

Thistleton Thicket

In the beautiful Thicket colour, this drinks pantry - unique to Thistleton - will be a talking point in any kitchen. Beaded panels have been used to clad the back of the cabinet and minerva worktops and upstands create a practical working area. A mirror splashback above the top shelf creates a feeling of endless space.

Thistleton
Porcelain and Desert Pink

The combination of warm porcelain and pink creates a dreamy kitchen. Feature end posts have been used to create chunky end panels on the porcelain units, whilst the modern stepped plinth alongside modular pilasters create a statement island. Beaded pink panels have also been used to wonderful effect to clad the backs of the glass wall units and glass fronted drinks pantry.

Handles: H1094B Matt Black Ribbed Knob & Back Plate, H1093 Ribbed Cup Handle.

Thistleton
Stone and Thicket

The rich Thicket green colour is the perfect contrast to Stone in this design. Beautiful beaded panelling creates a feature at the back of the breakfast bar and is used in the back of the glass wall units to really tie the design together. Our gorgeous new dark brushed brass ribbed handles complete the look.

Handles: H1085 Dark Brushed Brass Ribbed Eclipse Handle, H1084 Dark Brushed Brass Knob.

Thistleton

COLLECTION

Beautiful and practical woodgrain effect shaker kitchens. With 12 luxurious colours and a light oak effect, the Grained Collection is a stunning and attainable alternative to painted timber kitchens.

The colour palette is designed to work in harmony, so you can mix colours across your kitchen units to reflect your own style.

Add richness to your kitchen design with the curved end posts, or use bi-fold units and contemporary handles to achieve a more modern finish.

Select your colour from our palette on page 191.

Grained Sea Blue

This rich shade of blue will add vibrancy to your kitchen design and works perfectly with the Dove Grey wall units.

Eterna

COLLECTION

If you're passionate about sustainability, then Eterna is made for you. Manufactured from 100% recycled wood, the Eterna ethos centres on protecting the natural environment and saving trees, recovering and recycling wood to create beautiful and unique decors.

Eterna finishes are designed to be impactful – from rustic and natural woodgrains to eye-catching marble effects. Create a statement island by combining with another of our collections, such as Mala or even Profile.

If a sleek and minimalist design is preferred, Eterna is available in our FORM by LochAnna collection of true handleless kitchens.

Select your colour from our palette on page 188.

Eterna Ossido Grigio and Nero Marble

Beautiful contrasts are the theme in this kitchen, from the strong marble on the island, to the hint of the traditional in the Victorian Soot Black Eco Slabstone Splashback. Extra tall wall units and larders give even more storage in this stunning space.

Handles: H1075 Matt Black OceanIX Recycled Plastic Knob and H1074 Matt Black OceanIX Recycled Plastic D Handle.

Eterna

Ossido Grigio and Patagonia Marble

The stunning veining pattern of the island creates a beautiful contrast to the light grey stone effect of the rest of the kitchen. The random marbling is designed to create interest for a truly unique aesthetic. The Soot Black Eco Slabstone Splashback is the perfect finishing touch.

Handles: H1075 Matt Black OceanIX Recycled Plastic Knob and H1074 Matt Black OceanIX Recycled Plastic D Handle.

Eterna

Ossido Marrone

The ultra-modern oxidised metal effect of the doors creates a truly statement kitchen, softened by the warm brown tones in the decor - use Eterna as an accent alongside our Mala doors for a less daring effect. We have made the most of the high ceilings by choosing extra tall wall units and larders - giving even more storage space.

Mala

COLLECTION

Italian styling at its very best. Using the finest paints and lacquers, Mala offers a robust ultra high gloss or matt finish in a series of 16 contemporary tones.

The latest colours create a crisp appearance, whilst curved units and designer accessories allow for a lavish design.

Create a stunning contrasting look by pairing Mala with Solutions shelving.

Select your colour from our palette on page 189.

Note: Colours are as accurate as the printing process allows, we recommend that you examine a physical swatch or sample before making your final choice. These can be requested via your retailer.

WHY FORM? At LochAnna, we understand that the kitchen is the heart of your home and should be a space that the whole family can enjoy for years to come. We're passionate about kitchens and have created a collection that offers choice, style and quality. We have a nationwide network of retailers, where a design expert will guide you through the process of making your dream kitchen a reality.

Your Dream, Your Choice

Choosing the colours and finishes for your new kitchen can be daunting. Being brave with your colour combinations and mixing textures and materials can elevate your design to something truly unique. It's your kitchen, your choice, so don't be afraid to try something different – our showrooms have samples and swatches of our doors, worktops and even hinges that you can put together and see what works for you.

Mixing materials

Mix woodgrains with different metal finishes for a bold look.

Shades of blue

Combining blue and white will result in a clean, contrasting style.

A splash of colour

Use colour as a focal point against shades of grey and soften with a warm woodgrain.

Warm and welcoming

Rich and warm colours are offset with a marble style worktop finish.

An interesting contrast is achieved with the industrial style of the breakfast bar support and the rich, warm woodgrain of the dining table.

Eterna

COLLECTION

Eterna could never be described as boring. Those daring enough can use the striking decors to create a truly unique and impactful kitchen design. Add in the fact that Eterna is manufactured from 100% recycled wood and you have a stunning kitchen with eco credentials.

For those who prefer just a hint of flamboyant design, Eterna can be used as an accent alongside a more simple door design, such as our Mala Italian painted door.

Strato
COLLECTION

Our Strato collection elevates a flat slab door to something a bit special. With an oak veneer featuring a beautiful horizontal grain structure, Strato is available in 33 painted finishes or six natural stains.

Strato is made for the adventurous amongst us – mix the natural woodgrains with painted finishes, or even pair it with our Mala gloss doors to create a stunning contrast.

Colour MATCHING Service

Select from our carefully curated palette of 33 beautiful colours or use our colour match service to create a kitchen as individual as you are. See page 195 for full range.

Note: Strato is manufactured with an oak veneer. Veneers are randomly selected and as a consequence, each door will be different in grain structure and can have variation in colour.

4: Strato Meadow Island with Anodised Aluminium rails

Strato Meadow

Our Strato door painted in Meadow on the island is a beautiful contrast to the natural hue of the shaker door on the units behind and gives an interesting mix of styles and textures to this kitchen. The gin bar and smoked glass doors are an indulgent modern touch.

Lighting

One of the first things you'll need to consider when planning your new kitchen is the lighting, as wiring needs to be installed at the start of the project, before plastering, decorating and the fitting itself. It's an integral part of any scheme and this is your perfect opportunity to create the right ambience. Most lights are dimmable and available in either natural or warm white to suit the kitchen style and tone. Your designer will guide you on the extensive range available.

LED Tape Lighting

Our tape lighting and profiles create a contemporary long ribbon of lighting under and over cabinets

LED Drawer Light

The ideal solution to illuminate pan drawers, our drawer light works on a sensor when the drawer is opened and is angled to optimise the illumination of the inside of the drawer

LED Under Cabinet Light

Our under cabinet lights are ideal for creating task lighting for everyday jobs such as food preparation. Available in natural or warm white, our cabinet lights are all dimmable and can be controlled with sensors

LED Plinth Light

Plinth lights can be used to make a feature of your lighting. Leave plinth lights on when task lighting is switched off to create a relaxing ambience in the kitchen

This is just a small selection of lighting solutions available - ask for details

Selecting the Correct LED Colour

Using the correct lighting colour temperature for your kitchen is important but can sometimes come down to personal preference.
Warm white (3000K) lighting is mostly used in traditional kitchens whereas natural white (4000K) lighting is more suitable for modern and contemporary kitchens.

Eco Slabstone Splashbacks

Eco Slabstone is an eco-friendly engineered stone, made from 93% clean quarry stone waste, a commercial by-product of crushing stone for use in building and infrastructure projects. During the manufacturing process, no heat is required for the product to naturally cold cure, this gives Eco Slabstone unique eco credentials. Eco Slabstone not only upcycles stone waste, it also leaves virtually no carbon footprint in its manufacture. In 2012 Eco Slabstone was recognised for its unique eco credentials by Europe Innova.

Eco Friendly Kitchen Splashbacks Made in Wales

Handmade into a thin stone slab, they are decorated and finished with either a matt or gloss lacquer to create our unique eco-friendly splashbacks. This exciting range of splashbacks reflect a heritage of hand painting tiles gained over many years, applied to the 'Greenest' of materials.

The splashbacks are available in three sizes: 600x750mm, 900x750mm, 1000x750mm

minerva® solid acrylic worksurfaces

Welcome to **minerva®**: the home of practical and solid kitchen worksurface material, manufactured using state-of-the-art technology. Delivering a luxurious appearance, cool pleasing touch and robust performance from its solid 25mm thick material, **minerva®** has the advantage of being the same colour throughout. Such is the enduring quality of **minerva®** that we guarantee its quality against manufacturing defects for ten years. There are 18 superb colours to choose from with a number of light options to suit darker kitchen door finishes.

* Each of these worksurfaces are unique, reflecting the natural appeal of marble and stone.

Whilst **minerva®** sink modules are made from a solid piece of material, the recessed sections may have a slightly different pattern on some décors due to the spread of the coloured chips.

Routine cleaning

minerva® does not require any specialist cleaning, simply wipe off with a damp cloth and soapy water. The worksurface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided. Unlike marble and granite, **minerva®** is non porous, hygienic and will resist most household chemicals including alcohol.

Heat

minerva® will withstand heat better than many alternative surface materials with boiling water and cooking splashes not being an issue. All hot pots, pans and other heat generating devices should always be placed on a trivet or worktop protector rods.

minerva® is supported by the FIRA Gold Award for product excellence and covered by a 10 year manufacturer's product guarantee.

Minor scratching

Kitchen utensils and unglazed crockery can sometimes cause scratches that will be more evident on darker colours. Use of a cutting board is essential though minor scratches can easily be removed using the abrasive pad and other items from the care kit.

SERVICE

*** To help you create a bespoke finish, Made to Measure doors are available in this range.**

Note: As timber doors are made from a natural, living material, some grain and colour variation can be expected within products. Timber is also susceptible to expansion and shrinkage depending on the environment in which it is installed. This potential natural movement of the timber can cause any layer of paint, lacquer, varnish etc. that has been applied to move with it and may result in panel shrinkage and hairline cracks along the joints of the door. All of this is normal and is considered to be a positive feature, adding an authentic look and feel to the kitchen.
